

Rossi, A. J.  
[Angelos]

[City Hall, San Francisco, CA], 1925

February 20th, 1925

Hon. Angelo J. Rossi  
City Hall  
San Francisco, Cal.

Dear Sir:

There has come to my attention that a coin commemorating the entry of California into the Union has been planned.

If you have not already selected someone to make the design for this piece, will you permit me to recommend for your consideration Mr. Roger Noble Burnham, a sculptor residing in California and who would, I feel confident, furnish you with a design which would be a creditable one.

Many of these issues have not been as fine as they might be; and I am sure that your Committee will not be satisfied with anything less than the best.

Very truly yours,

Secretary
